Northshore Council PTSA is deeply concerned for the safety of our Northshore School District staff, families, and community members. We are horrified by the news of the recent attack on one of Inglemoor and Woodinville High School's teachers. We want you to know that we condemn this act of violence, and we stand in support and strength with all of our Northshore School District staff and our community members of color.

As part of the oldest and largest child advocacy association in the nation, we are committed - now more than ever - to doing everything we can to support our children, our communities, and our district staff. We can use our powerful collective voice to stand against racism, hatred, and violence.

We know this has been a very difficult year, and this news weighs heavily on all of us. Please feel free to reach out to let us know how we can better support you.

Sincerely,

Northshore Council PTSA 6.10 Board of Directors:

Jane Chiodo, Kimberly Ortiz, Liz Nord, Karrie Palis, Mary Khouzam, Diana Christiansen, Rachel Fitzgerald, Grace Jurado, Nancy Chamberlain, Melissa Kline, Lauren Lewis, Michele Holowachuk, Robin McKenzie, and Tracy Jokisch
