

I WILL CHANGE THE WORLD BY

I will help people in need
to make them succeed.
I will use my art
to express my heart.

I will voice for equality
and make that a priority.
I will end the violence,
with peaceful talks and silence.

I will be mindful
to make others joyful.

I will give a smile
to form a happiness pill.

I will plant more trees
to reduce the carbon dioxide in the breeze.

I will be smart
and do my part.

This is how I choose to change the
world. What about you?
