**Future Focused Parenting**

Turning Surviving into Thriving

Join us as KEPTA and the Northshore Council PTSA presents our first Parent Education event of the school year on Zoom! Our guest speakers aim to support parents and caregivers doing the best they can to create a safe loving environment for their children, where everyone works together as a team.

This presentation is for any parent or caregiver within our KE community that wants to thrive rather than just survive throughout their parenting journey. This session helps families get on the same page with their parenting partner or other adults in their children's lives. Learn strategies for communication, preparing for parenting curveballs, and how to parent with unity even when you disagree.

Talking points of this presentation include:

- Operate as a team, even when you disagree
- Parent together from a strong set of values
- Work cohesively to support one another and your children in these unprecedented times
- Model parental unity as partners, co-parents, or single parents
- Avoid accidentally undermining your parenting partner
- Find ways to meet each other's needs so that your own emotional buckets are full
- Plan and prepare for new issues you may see coming down the pipeline
