We invite all Northshore teens and parents to join separate weekly Zoom calls facilitated by Cher Anderton (MSW, LSWAIC). The calls will be one hour and held separately for students and parents/caregivers. Hear from well-known Seattle-based Mental Health Therapist, Cher Anderton, as she helps our community manage in a time of high anxiety and helps students connect and parents bond. Each week Cher will center on different social-emotional topics followed by a discussion of implementation strategies, and a question and answer period. Feel free to call in to join one or all of the meetings. This is free of charge, with a maximum occupancy of 300 people.
