## Get Your Home Ready

A big concern during winter storms is their ability to cause power outages and trouble traveling, essentially immobilizing the region.

- Preparing Your Home For a Winter Storm
- Download Infographic PDF: English | Español

## Generator Safety

- Never use generators, gas or charcoal grills, camp stoves, or similar devices inside your home, in basements, in garages, or near windows. The fumes are deadly.
- Generators should be located at least 20 feet from any window, door, or vent and in a space where rain and snow will not reach them.
- Protect yourself from carbon monoxide (CO) poisoning by installing a battery-operated CO detector.
- Plug in appliances to the generator using individual heavy-duty, outdoor-rated extension cords.
- Do not use the generator or appliances if they are wet.

## Creating Flood-Resilient Landscapes

**Wednesday November 13, 2024 from 1:00 pm - 2:00 pm ET**

Please join the Region 2 National Preparedness Division in partnership with Rutgers University for a discussion on creating flood resilient landscapes.

RUTGERS

Floods pose significant risk to human health and infrastructure. In communities near the ocean, flooding and flood risk are often associated with catastrophic coastal storms, such as hurricanes and nor'easters. However, flooding is not just a coastal problem. On the contrary, flooding has impacted nearly all of New Jersey's 564 municipalities. Hear about initiatives NJ has implemented to acquire flood prone properties through buyout programs and what other challenges have emerged from these programs and how they can be overcome through an ecologically centered landscape resilience approach.

**Who should attend:** State, local, tribal, territorial government, private sector, community planners, floodplain managers, environmental managers, researchers, and non-profit organizations.

**Registration**: https://fema.cosocloud.com/floodresilland/event/registration.html
Make sure to test your Adobe Connect before the meeting.

## Avoid Holiday Shopping Scams

**Wednesday November 20, 2024 from 1:00 pm - 2:00 pm ET**

Please join the Region 2 National Preparedness Division in partnership with the Federal Trade Commission (FTC) for a webinar on how to avoid holiday shopping scams.

The holiday shopping season is upon us and scammers will be shopping, too: looking for people to separate from their money. This webinar, presented by an attorney from the Federal Trade Commission's Northeast Regional Office, will help you to spot, avoid, and report holiday scams.

**Who should attend:** Whole Community, individuals, families, Community and Faith-based Organizations, State, local, tribal, territorial government and the private sector.

**Registration**: https://fema.cosocloud.com/noholidayscams/event/registration.html
